

BUILD A CONNECTED CAMPUS WITH LENOVO MOBILE

Teaching and learning today is less about place and more about getting connected to the right expertise and resources. It's up to IT to give faculty and students tools that keep them productive on and off campus.

Intel Inside®.
Powerful Productivity Outside.

Education

Lenovo™

THE FUTURE IS HERE: ARE YOU READY?

ACROSS CAMPUS OR AROUND THE WORLD,
LENOVO KEEPS YOU CONNECTED.

IT Specialists.....

must balance student and faculty demands for innovation with requirements around budget and manageability.

Lenovo™ mobile devices are built for dependable anywhere performance, delivering on end-user expectations without creating new IT support challenges.

.....Administrative Stakeholders

need to support student populations growing in size and diversity with flat or declining IT budgets.

A comprehensive Lenovo technology portfolio helps institutions maximize their IT investment with reliability that drives better productivity while reducing long-term total cost of ownership.

Professors and Faculty.....

are navigating new tools and responsibilities while remaining focused on critical institutional and career goals.

Lenovo builds products for real-world productivity, matching big performance with superior usability and dependability that lets users work with confidence.

.....Students

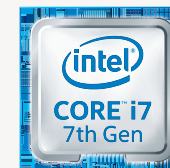

are looking for better educational opportunities and outcomes built around nontraditional, digitally driven learning.

Lenovo mobile devices are built with innovative designs and features for a nonstop digital world, ensuring students always have the right tool for the task.

Meaningful mobility starts with a solid plan and infrastructure. Campus IT leaders can maximize their impact by focusing on:

- Selecting innovative technology
- Empowering faculty development
- Practicing strategic stewardship
- Staying mission-aligned
- Fostering collaborative expertise

Lenovo can help you build end-to-end solutions that expand both the reach and impact of your mission. Our comprehensive technology product and services portfolio extends from large data centers to ultralight mobile devices.
